Zeist, The Netherlands

### SUMMARY

As an enthusiastic and creative full-stack web developer, I bring a strong foundation in both front-end and back-end development, along with a keen eye for design which I developed during my studies in Architecture. I am known for my positive attitude, quick learning, resourcefulness, and ability to thrive in collaborative environments. I look forward to further developing my skills in a dynamic professional setting and contributing to innovative projects.

### EXPERIENCE

Full Stack Web Development trainee 10/2023 - 05/2024

Hack Your Future Amsterdam, Netherlands

- The intensive HYF curriculum has equipped me with a comprehensive understanding of front-end and back-end web development.
- This course emphasized self-study and mentor feedback, incorporating both individual and group projects. Through these projects, I advanced my problem-solving, communication, and organizational skills.
- Created HomeSwap, a full-stack peer to peer application which connects travelers around the world.
- Developed Green Social Club, an online platform that organises outdoor events for refugees.

Merchandiser 10/2022 - 11/2023

Albert Heijn Zeist, the Netherlands

- Collaborated with colleagues to ensure the shop is well supplied.
- Multitask between stocking products, helping customers keeping the shop presentable. Interacting with customers, helping them find products and answering questions with a smile.

Interpreter and Receptionist (volunteer) 01/2021 - 07/2021

Samos Volunteers Samos, Greece

- I facilitated workshops for non-English speaking refugees, enhancing accessibility and participation to SV's services.

Junior Architect 06/2018 - 11/2019

Amar Constructions Qamishli, Syria

- All stages of project planning, design, development, and evaluation. Additionally, serving as the primary contact for construction staff and conducting inventory inspections.
- Overseeing construction procedures ensures compliance with quality standards and managing materials.

Shop Owner 09/2017 - 11/2019

Ali shoes Qamishli, Syria

- Managing supplier relationships and finances, including cash flow, while also sourcing products and curating assortments based on current trends. Overseeing inventory management and fostering lasting customer relationships.

Architecture Student 2016 - 2019

Cordoba Private University Qamishli, Syria

- My design language was influenced by contemporary buidligns and organic lines.
- I my designs were notable for their seamless relationship with their surrounding landscape.
- Skills: Research and Concept Development, Architectural Design, Landscape Design, 3D modelling, AutoCAD, SketchUp, Project Management, Presentations.
